

17 PREPOSITIONS

A preposition is a word that connects a noun or pronoun to other words in a sentence. Prepositions help us understand the place, time, direction, and movement of things in a sentence.

Prepositions of Place (Where something is)

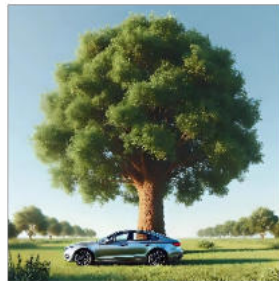

A dog is sleeping **under** the table.

The clock is **beside** the door.

The children are sitting **in** the room.

The car is parked **in front of** the tree.

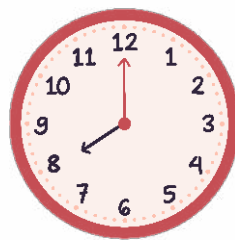

The dog is hiding **behind** the curtain.

Prepositions of Time (When something happens)

My friend called me **during** the movie.

I finish my homework **at** 8 o'clock every night.

We have exams **in** December.

I go for a walk
in the morning.

The class will start
on Monday.

Prepositions of Direction (Where something is going)

Prepositions of Direction help describe where someone or something is moving towards.

She walked **to**
the park.

The bird flew
towards the tree.

He drove **from**
Karachi **to** Lahore.

She waited for me
across the road.

The train passed
through the tunnel.

The kite flew **over**
the lake.

They ran **past**
the playground.

Prepositions of Movement (How something moves)

Prepositions of Movement describe the way someone or something moves from one place to another.

The ball rolled **down** the hill.

He jumped **off** a cliff.

He walked **along** the beach.

The bird flew **out of** the cage.

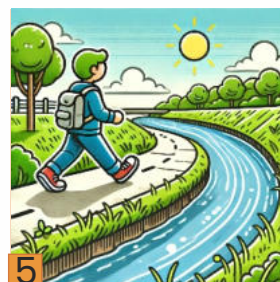

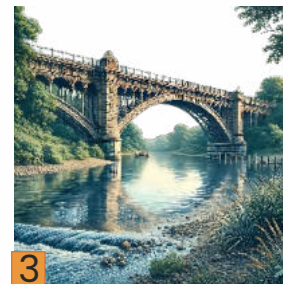

The children slide **down** the slide at the playground.

The horse galloped **around** the field.

17.1

Draw a line to connect the prepositions to their meanings.

1 Towards

2 Down

3 Across

4 Out of

5 Along

(A) Moving lower

(B) Moving in the same direction as something

(C) Moving from one side to another

(D) Moving closer to something

(E) Exiting something

17.2

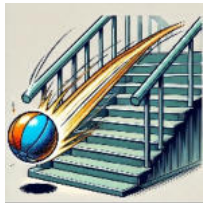

Complete the sentences using the correct preposition of direction or movement.

The car drove _____ the tunnel.

He walked _____ the park enjoying the fresh air.

The ball fell _____ the stairs.

He climbed _____ the ladder to fix the roof.

The kids ran _____ the playground during recess.

17.3

Write a short paragraph describing how you move through your day. Use at least five prepositions of direction and movement.

17.4

Circle the correct preposition.

The cat jumped (into / onto) the box.

He walked (through / along) the street.

The plane flew (over / into) the city.

She moved (towards / away from) the exit.

The boy climbed (up / off) the tree.

Activity Prepositions Hunt

-  Create a list of prepositions like "on, under, in, into, across, along, etc."
-  Students must find and describe objects in the classroom or playground using the given prepositions.
