

19 ADJECTIVES

An adjective is a word that describes or modifies a noun or pronoun. It provides additional information about the quality, size, colour, shape, quantity, or condition of the noun or pronoun, making sentences more descriptive and engaging.

Examples

Quality

This is a **beautiful** flower.

Size

He has a **large** house.

Colour

She is wearing a **red** dress.

Quantity

There are **five** books on the table.

Shape

The road is **curvy**.

Condition

The box is **damaged**.

Degrees of Adjectives

Degrees	Definitions	Examples	How to Form
Positive Degree	The base form of the adjective, no comparison.	This flower is beautiful.	Use the adjective as it is. Example: tall, big, beautiful
Comparative Degree	Compares two things or people.	This flower is more beautiful than that one.	Add -er to the adjective with one syllable (e.g., taller, bigger) or use more for two syllable words (e.g., more beautiful).
Superlative Degree	Compares three or more things or people.	This is the most beautiful flower in the garden.	Add -est to the adjective with one syllable (e.g., tallest, biggest) or use most for two syllable words (e.g., most beautiful).

Forming Comparative and Superlative Degrees

Short adjectives	Add -er for comparative and -est for superlative.	Example: tall → taller → tallest
Adjectives ending in -y	Replace -y with -ier for comparative and -iest for superlative.	Example: happy → happier → happiest
Long adjectives	Use more for comparative and most for superlative.	Example: beautiful → more beautiful → most beautiful
Irregular adjectives	Completely change the word form for comparison.	Example: good → better → best
