UNIT 7 ADJECTIVES

23 ADJECTIVES AND THE ORDER OF ADJECTIVES

What Are Adjectives?

Adjectives are words that describe or modify nouns. They add details and make sentences more interesting by telling us **what kind**, **which one**, or **how many** about a noun.

Examples:

- The beautiful garden is full of flowers.
(**Beautiful** describes the garden.)
- They bought three red apples.
(**Three** tells how many apples, and **red** describes them.)

Types of Adjectives

1. Descriptive Adjectives

These describe the qualities of a noun.

- **Example:** a shiny car, a loud noise, a kind teacher

2. Quantitative Adjectives

These show the amount or quantity of a noun.

- **Example:** five books, some water, enough money

3. Demonstrative Adjectives

These point out specific nouns.

- **Example:** this pen, those shoes, that building

4. Possessive Adjectives

These show ownership.

- **Example:** my bag, his car, their house

5. Interrogative Adjectives

These are used to ask questions.

- **Example:** Which book is yours? What time is it?

6. Proper Adjectives

These are derived from proper nouns and start with a capital letter.

- **Example:** Pakistani culture, French cuisine

Placement of Adjectives

Adjectives usually come **before the noun** they describe. However, they can also come **after linking verbs** like is, seem, or look.

Examples:

- **Before the noun:** She wore a **beautiful dress**.
- **After a linking verb:** The sky looks **blue**.

Order of Adjectives

When more than one adjective describes a noun, the adjectives follow a specific order:

Opinion → Size → Age → Shape → Colour → Origin → Material → Purpose → Noun

Example:

- A lovely small old round red Italian wooden coffee table

Let's break it down:

- **Opinion:** lovely
- **Size:** small
- **Age:** old
- **Shape:** round
- **Colour:** red
- **Origin:** Italian
- **Material:** wooden
- **Purpose:** coffee

Note: We don't usually use more than three adjectives before a noun to avoid making the sentence sound awkward.

Examples:

- She has a large round mirror.
- We stayed in a charming old house.
- He wore a shiny black leather jacket.
